Statistics and Data Science student at UC Santa Barbara with experience spanning industry, research, and consulting. Leveraging Python, R, SQL, and statistical analysis, I enjoy transforming complex data into actionable insights that drive informed decision-making.

PROFESSIONAL EXPERIENCE

Taboola, Inc.

Data Analyst & SEO Strategy Intern

Remote

June 2025 – September 2025

- Analyzed 200+ webpages across Taboola's AI, seasonal, and marketing hub domains to identify content performance trends, keyword opportunities, and SEO optimization strategies across diverse content categories.
- Conducted competitive benchmarking and keyword research across 12+ competitors to uncover search gaps, evaluate ranking performance, and develop recommendations to improve organic visibility.
- Built and presented 8+ strategy reports using Google Search Console, Looker Studio, Ahrefs, internal analytics tools, and emerging AI search analytics platforms to translate SEO and AI visibility data into actionable recommendations for stakeholders.

UCSB Center for AI and Society

Undergraduate Research Assistant

Santa Barbara, CA

August 2026 – Present

- Conducting research with Professor David Lawson on gender attribution bias in AI-generated summaries through human and AI transmission-chain experiments.
- Contributing to literature reviews, experimental design, IRB preparation, and data collection using Prolific to evaluate AI-generated outputs from large language models including ChatGPT and Gemini.

TAMID Group

Project Manager

Santa Barbara, CA

January 2025 – Present

- Conducting market research, customer segmentation, and competitive analysis for an AI startup.
- Developed strategic recommendations for stakeholders that informed product development and go-to-market strategy.

UC Santa Barbara Tour Guide Association

Campus Tour Guide

Santa Barbara, CA

January 2026 – Present

- Lead engaging campus tours for prospective students and families.
- Showcase UCSB academics, campus life, and student experience through engaging storytelling and personalized interactions.

Heschel Day School

IT Technician

Northridge, CA

June 2022 – September 2024

- Repaired and audited laptops, projectors, and tablets, including GPU, RAM, and CPU replacements.
- Provided tech support to faculty and created graphics and videos for marketing campaigns.

Tutoring

Self-Employed

Online

February 2020 – Present

- Provide individualized instruction to students ages 12–18 in mathematics, English, and history through virtual and in-person sessions.
